

1. Go to [www.geocities.com](http://www.geocities.com)
2. Click SIGN UP NOW (orange button, right side of screen)
3. Click on SIGN UP (top right hand corner)

YOU MUST COMPLETE THE FOLLOWING STEPS **EXACTLY** AS I ASK YOU TO, OTHERWISE YOU WILL WORK ON TYPING AT SCHOOL INSTEAD OF BUILDING WEBPAGES.

4. Fill in your REAL first name and REAL last name in the name fields
5. Your “Preferred Content” is Yahoo Canada
6. Select your gender.

### **IMPORTANT**

7. Set your yahoo ID to be your first name, a number, cmjh (see examples below)  
michelle32cmjh  
sam14cmjh

**WRITE YOUR USER ID DOWN IMMEDIATELY SO YOU DON'T FORGET IT**

8. Choose a password. **Write it down somewhere**. If you cannot remember your password once you get to school, I cannot help you, and you cannot build your webpage.
9. Select a security question from the dropdown list.
10. Type the answer to the security question in the field provided.
11. Fill in your correct birthday (if you forget your password and have to contact yahoo's password assistance, you will need to know this date – otherwise they will not give you your password!)
12. Fill in your postal code. (it probably starts with T1P – if you don't know it... ask your parents!)
13. Uncheck the contact me about special offers check box. You don't need to get put on a spam list.
14. In “alternate email” please enter your cmjhs email address – that way if you forget your password while at school, they can email it to that address, and you will be allowed to check it at school!!!
15. Type in the “verify your Registration” code
16. agree to the terms of service
17. Click I agree

### **ALLOW GEOCITIES TO PROCESS YOUR REGISTRATION**

18. On the new screen, click “Continue to Yahoo Canada Geocities”
19. Choose “Education” for the type of website you intend to build
20. Where it asks how you heard about Geocities, choose “Friend, family member or colleague”
21. Verify the registration again by typing in the code shown on the screen

HOPEFULLY THIS TAKES YOU IN TO THE GEOCITIES PAGE, AND AT THAT POINT, YOU CAN JUST CLOSE OUT THE INTERNET. YOU ARE READY TO BUILD YOUR WEBPAGE AT SCHOOL.

**WRITE DOWN YOUR USER NAME AND PASSWORD AND BRING THEM TO SCHOOL.**
